The MightyMic F Pack microphone Kit brings big sound from a small microphone. Don't be fooled by the compact size. This is a high quality condenser microphone that does not need any batteries as it is powered by the device. Just plug it into the MightyMic Pro headphone jack. While using an optional app like MoviePro or FilMic Pro you can record wireless audio with video direct to your phone or device. For audio recording just open the optional MightyMic Pro Recorder App. It works with iPhone, iPad, and iPod Touch, and Android devices

Package includes microphone, foam and deadcat type windscreen, carrying pouch, stabilizer, hot shoe mount for pole/DSLR mount, DSLR mic cable, MightyMic Pro, charging cable, and bag.

iPhone, iPad, and iPod Touch are registered trademarks of Apple Inc.
